30 second story

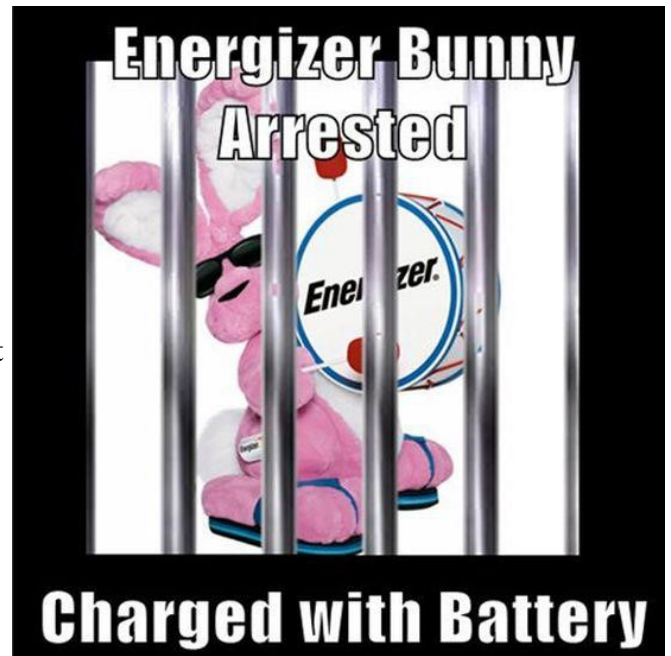

A policeman in the big city stops a man in a car with a huge rabbit in the front seat.

"What are you doing with that rabbit?" He exclaimed, "You should take it to the zoo."

The following week, the same policeman sees the same man with the rabbit again in the front seat, with both of them wearing sunglasses. The policeman pulls him over.

"I thought you were going to take that rabbit to the zoo!"

The man replied, "I did. We had such a good time we are going to the beach this weekend!"
